VOLUME XXXVIII

Chapman Concert.

Don't miss it! Tuesday night, May 28th, at Opera House, at eight o'clock. Hans Kronold, the famous and favorite violinist of New York, will play his soulful instrument. No artist in this country can excel Kronold in his marvelous technique and soulful expression.

He ranks to-day with the great masters of the world, and it will indeed be a treat to hear him play. Miss Alice Glass has a contralto voice of exceptional beauty. She spent the winter in New York, where she gained much praise for her beautiful singing. Mr. Thomas Henderson is well known in Maine, and his delightful songs have charmed his audiences. He will sing ballads and popular favorites, which will please the most highly cultured ear, as well as appeal to the listener who "does not know music!"

But like a good thing, Mr. Chapman, as everyone knows is a wizard in music, whether at the piano, or holding his stick over orchestra and chorus. As he will personally accompany these artists, the musical excellence of the programme is assured. No one can afford to miss this musical evening brought to our town within our reach at popular prices.

Besides the cause is such a worthy one, and we are all proud of our own chorus, and as part they hold in the great Annual Festivals, and we are glad to add our contribution to the fund which is necessary to pay their local expenses. Let everybody buy at least one ticket and all go and enjoy this great musical treat.

A Shrub from Ireland.
William Bolton has returned from his trip to the old home in Ireland where he has spent the winter visiting relatives and friends, whom he had not visited for several years. He arrived in Norway on Friday.

He brought the ADVERTISER a curious shrub the "butcher's broom," that he got on an estate in Ireland where he used to work. The shrub has a beautiful shade of green leaves and grows about three feet tall. It is an evergreen, and we look forward to seeing the green leaves growing above the snow.

The lawn at Round Pond where it has been planted, provided it lives and thrives so far from home and in a strange country. Mr. Bolton returned with the opening of the season here in order to resume his work as landscape gardener.

Here and there were seen a few dressed in costume, a few of hobo type, a Chinese and a few of other types that would be difficult of description.

The village corporation assessors have got far enough along with their work so that we can have some idea what our village advantages are going to cost this year. The total valuation of the village corporation is \$632,320.00, against \$614,548.00 last year. The increase is principally in real estate. Number of polls, 430. The total tax assessed, including \$800.00 appropriated at special meetings this year, is \$3,865.00, against \$2,145.14 last year. When You Want Pure White Lead, Get It

Probably there is no other article of commerce subjected to so much adulteration and misrepresentation as White Lead.

Out of 18 brands of "White Lead" recently analyzed by the Government Agricultural Experiment Station of North Dakota, 5 less than 15% of White Lead, and only 3 over 90% of White Lead.

There is, however, a way to be certain of the purity and genuineness of the White Lead you buy, and that is to insist upon

Red Seal Pure White Lead

bearing the Dutch Boy trade mark. This trade mark is positive guarantee of absolutely Pure White Lead made by the Old Dutch Process.

Spring Time.
Winds are blowing,
Snows are going,
Days are growing longer.
Birds are winging,
Sweetly singing,
Breezes, telling
Fussy willows,
Soft as pillows
Wave like billows
Daily.
Skies are smiling,
Sort beguiling
Sweetly telling
Woman,
To read its meaning
Flats, house-cleaning,
With an instinct
Instinctive intelligence almost
Human.
With happy blushing
She straightway rushes
With scrubbing brushes
But
Lest dust fly,
Guy Fawkes, hanging,
And husband stinging,
Dizzy.

Price Numerical Enigma.
The whole, composed of 31 letters, is a quotation from Elizabeth Akers Allen.
3, 18, 26, is sensitively timid.
5, 24, 8, is to be slow.
7, 19, 15, 16, is repose.
9, 13, 1, 12, is a fixed look.
11, 22, 2, 10, is to discuss.
28, 29, 22, 20, is to lend.
30, 4, 14, 21, is to shed tears.
31, 11, 6, 28, is not far distant.
The quotation consists of six words and may be found in "Forest Buds from the Woods of Maine."

Send the answer to PUZZLER, Box 55, West Bethel, Maine, and enclose a two-cent stamp. To each and every one complying with this request on or before May 20th, I will send a copy of a magazine containing a puzzle department for the solving of which cash prizes are given every month.

The answer to the enigma in the ADVERTISER of April 5th is: "In life, in death and light, all are in God's care." I here give a list of those who sent the correct solution before April 20th:

Mrs. R. S. Robertson, West Sumner.
Frances E. Carter, Norway.
Mary E. Hastings, Fryeburg.
W. L. Curtis, West Sumner.
E. W. Edwards, Fryeburg.
Mrs. H. H. Buck, Bethel.
Mrs. A. H. Widdow, Denmark.
Mrs. A. H. Bryant, West Paris.
Dora Partridge, Norway Lake.
Mrs. S. W. Bradley, Ashland, N. H.
Rebecca Baker, Passumpsic, Vt.

For the small sum of twenty-five cents any reader of the ADVERTISER can join the Northwesters Puzzle League and receive the Farmer's Wife for one year by sending that amount in stamps or original prize puzzles every month. Those who desire to take Farm Young Folks, in which I have a page of "Puzzles for Puzzlers," can receive the magazine a whole year by sending fifty cents in stamps to the writer of this enigma. I hope to soon see a much larger number of active Oxford county puzzle writers and solvers.

Useful Hints.
To prevent a lamp from smoking soak a new lamp with two or three hours in vinegar. Dry well before using. If you follow this recipe your troubles with your lamps will cease. Lamp wicks in lanterns or carriage lamps that are not in daily use should be treated in this way.

Very strong tea will stop bleeding from a cut.

Equal parts of milk and lukewarm water is a good solution for sponging plants.

Spoons are sometimes used with firm puddings, but forks are the better style.

A little vinegar in polish will be found to obviate the dead oily look so often noticed after cleaning furniture.

For large shoes which slip at the heel, glue a shaped piece of putty to the inside, bottom and side of the heel, and it will cling to the stocking.

Too much salt in gravy may be counteracted by putting a pinch of brown sugar in it.

After using a bowl of cold water starch it should be allowed to settle. Then pour off the water and dry the starch in the oven at night or on the stove. It will be reduced to a cake and can be powdered and used over again.

Doctoring

A Truthful Editor Wouldn't Correct.
A local paper published a long obituary of a man who had died in the autumn, closing with the statement that "a long possession of people followed the remains to their last resting-place." The family read the notice, and discovered the supposed error, and asked the editor to make a correction in the "roasting," but he said he could not do it until seven years' back subscription that the deceased owed had been paid.

CASTORIA.
The Kind You Have Always Bought
Gray squirrels will soon be under the protection of the law. Beginning May 1, next, it will be unlawful to "hunt, chase, catch, kill," or have in one's possession, except alive, any gray squirrel. A penalty of \$20.00 is imposed for these beautiful and graceful little animals may become numerous and tame. The small boy with the air gun must let them alone. The gray squirrel has pronounced migratory habits and their numbers in any locality vary greatly with the years.

Worth Knowing About.
If you need a first-class laxative, there is nothing better nor safer than that old family remedy, Brandreth's Pills. Each pill contains one grain of solid extract of sassafras, which, with other valuable vegetable products, make it a blood purifier of excellent character. If you are afflicted with constipation, one pill at night will afford great relief.

Brandreth's Pills are the same fine active tonic pill your grandparents used. They have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

WOMEN PAY MORE.
Against the Gentle Sex.
If one is to believe the medical examiners the reason a woman pays more for the privilege of life insurance is that she is more commonly a victim of indigestion ailments that spring from these causes.

It is not the acute attacks of disease alone, but the constant feelings of weakness, headache, indigestion and stomach trouble. These, physicians say, kill more people than many of the serious diseases.

Restorative power in all stomach troubles is something else as safe yet effective, nothing is so safe yet so thoroughly digested, as Mi-o-na. It is unlike any remedy heretofore known; it is not a restorative to natural action the stomach and bowels and makes a complete cure in even the worse forms of stomach troubles.

Frank Kimball, Noyes Drug store, sells Mi-o-na in 50-cent boxes under guarantee to refund the money unless it does all that is claimed for it. 16 & 18

CASCO.
Joseph Batty's Buildings Burned.
The buildings of Joseph Batty at Cas-
co village were burned early Thursday
morning, April 18th. Mrs. Batty has
been ill in bed for some time, there be-
ing only herself and husband in the
house. Mr. Batty arose at about 1.30
a. m. to give his wife medicine, when he
heard a noise in the barn, probably made
by the stock frightened by the fire and
smoke. Upon investigation he found the
barn in flames, which were rapidly
approaching the house. With much dif-
ficulty he succeeded in carrying out his
wife, and with the help of neighbors
saved nearly all the household goods,
and the stock. The insurance of \$500
does not cover the full loss. The cause

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.
It used to be considered that only
urinary and bladder troubles were to be
traced to the kidneys, but now modern
science proves that
nearly all diseases
have their beginning
in the disorder of
these most important
organs.

The kidneys filter
and purify the blood—
that is their work.
Therefore, when your kidneys are weak
or out of order, you can understand how
quickly your entire body is affected, and
how every organ seems to fail to do its
duty.

If you are sick or "feel badly," begin
taking the great kidney remedy, Dr.
Kilmer's Swamp-Root, because as soon
as your kidneys are well they will help
all the other organs to health. A trial
will convince anyone.

If you are sick you can make no mis-
take by first doctoring your kidneys.
The mild and extraordinary effect of
Dr. Kilmer's Swamp-Root, the great
kidney remedy, is soon realized. It
stands the highest for its wonderful cures
of the most distressing cases, and is sold
its merits by all
druggists in fifty-cent
and one-dollar size
bottles. You may
have a sample bottle of Swamp-Root
by mail free, also a pamphlet telling you
how to find out if you have kidney or
bladder trouble. Mention this paper
when writing to Dr. Kilmer & Co., Bing-
hamton, N. Y. Don't make any mistake,
but remember the name, Swamp-Root,
Dr. Kilmer's Swamp-Root, and the ad-
dress, Binghamton, N. Y., on every bottle.
